THE MOST COMFORTABLE BEDS IN THE WORLD

HEADBOARD COLLECTION

A beautifully-upholstered headboard provides a bold statement to frame your bed, creating a stunning focal point and finishing touch to both the bed and the bedroom.

Every design detail of the headboards has been carefully considered, providing a range of classic and contemporary styles, from simple and modern, to deep buttoned, upholstered-to-the-floor headboards. Choose your headboard from our collection of stunning designs.

The rear of the headboard is upholstered in a black fabric, alternatively you can request both sides of the headboard to be upholstered in your chosen fabric if the rear will be seen once positioned.

Decide on your headboard style

For a deep divan choose from an elegant euro headboard, 132cm in height and upholstered to the floor, available in the same width as the divan (euro-slim) or slightly wider than the divan (euro-wide). Alternatively those who have opted for a shallow base can specify a shallow style headboard.
