The Mattress

- This seasonal turn mattress features a ReActive™ 6 pocket spring system. Every ReActive™ spring has 6 active turns – each spring independently senses your shape and weight distribution to provide total spinal and body support.
- Upholstered with luxurious and breathable layers of British wool and eOlus™ sustainable fibre, then covered with Cocona infused Belgian Damask, made with the fibres of coconut husks to quickly wick away moisture.
- Available in medium tension only.
- Tailored with 2 rows of genuine hand side-stitching for edge-to-edge support, and hand tufted for longevity.
- An upholstered headboard and divan base will also create a truly stunning and individual bedroom centrepiece – with the option of practical storage too.
